

The Saskatchewan Health Authority, Maternal and Children's Provincial Program's aim is to establish a provincial standard of care for all caregivers, patients and families across Saskatchewan utilizing the Managing Organizational Risk Effectively OB (moreOB) program. This aim is achieved through moreOB programming with a comprehensive patient safety, quality improvement, and professional development program.

Welcome to the SG.hub

The SG.hub has moved to a new platform located at <https://sghub.sabacloud.com/> to provide you with more opportunities and features to support Saskatchewan and all of the moreOB teams, including collaboration.

WHEN: The *new* SG.hub platform was implemented in Saskatchewan on **March 21 2024**

WHY: Features of the new SG.hub

- Able to access updated SOGC chapters and moreOB resources
- Able to listen to the chapters using a PDF reader
- Create an individualized learning plan
- Connect to provincial projects/programs

HOW: The transition to the *new* SG hub will provide access to all of the content including your individual team's current Milestones.

- More information can be found in the March 14 2024 SHA Rounds message;
- Communicate and remind staff to access and use the SGhub during Daily Huddles and via email communication;
- Display and provide staff with the new SGhub Access Poster and the Sask SGhub Poster;
- Learn more about what you can do in the site by going to the SG.hub Support Portal within the platform;
- Support for the new SG hub can be provided by Salus Global, if additional support is required please reach out to Sarah Kessler at sarah.kessler@salusglobal.com

Thank you for your support and ongoing commitment to Maternal Newborn care including the tremendous quality improvement initiatives you and your teams have completed or are currently planning.

If you have any questions please reach out to Maternal and Children's Provincial Program MatChildKMU@saskhealthauthority.ca
